

Wanuskewin Heritage Park

Public update on progress and developments of Wanuskewin Heritage Park

December 2018

Project Update December 2018

Construction continues on the north end of the building with foundations complete. The concrete floors will be installed during the first week of December with walls to follow shortly after. The south addition is scheduled to begin in the middle of December pending weather.

Construction will be moving inside the north end of the building to begin renovations for attachment to the new addition including the completion of the new gift shop and secondary gallery spaces.

Our playground expansion is set to begin in spring of 2019 with the public tender going out December 4th. Bridge repairs and replacements will follow in the New Year.

Bison master planning is progressing for fence construction and grassland seeding in 2019.

There will be more information released in the coming months about the future state of Wanuskewin Heritage Park and the introduction of the Bison.
